http://www.talktothevet.com
http://www.rcvs.org.uk
http://www.veterinaryjobs.com
http://www.veterinarylife.com
http://www.zoomnet.com
http://www.wenet.net

Veterinary ethics
Like in other professional fields, ethics occupy a remote seat in the mind of veterinarians, though books are also available for this but for a quick reference for the various rules and regulations, these sites will prove to be a handy reference.

http://www.members.tripod.com/nocruelty/noc.html
http://www.mpr-biz.com/mapleridgeveterinary
http://www.worldanimal.net/legislinks.html

Animal Welfare

In a country where animal welfare is a part of life there are various sites available providing information about the various organizations related and engaged in this noble act. We veterinarians can play a key role in such organizations. Some having zeal to work in such NGOs can take these as their career also.

http://www.ourworld.compuserve.com/homepages/TheTaraprojectAustralia
http://www.britishservices.co.uk/animalwelfare.htm
http://www.ferrets.org

Pet Care

Ever owner coming -to the veterinarian for the complete care of his or her pets has many queries regarding the management of his/her pet. A veterinarian can refer to the numerous sites available on the Internet regarding the care of pet animals and increase his or her knowledge.

http://www.dogsindia.com
http://www.dogs.about.com
http://www.vin.com/PetCare/Articles/PetConnection

http://www.showbunny.com
http://www.lst-spot.net/topic_pets.html
http://www.tampa-online.com/icarus
http://www.therabbitcharity.freeserve.co.uk/vet.html

Equines

http://www.equinevetnet.com
These days software are available for almost every field related to veterinary science right from hospital management to preliminary diagnosis.

Veterinary Software

With the increasing awareness about the health and conservation of the wildlife wealth. This field is coming up as a new and a challenging career option for the veterinarians who wish to do something new and challenging.

Wildlife

Veterinary Associations

There are various associations, which may be of interest for veterinarians.

Websites of these associations may provide compressive information about their field of work and also how to join them. Some organizations are very specific in their objectives.
Other sites of Interest

There is no end to the list of websites available on the Internet which can prove to be of great interest and also a source of knowledge, but some are the best of the best and the authors recommend that every veterinarian should surf through these sites at least once. These will prove to be a real interest generating sites for the beginners.
